19th March 2025

OFFICIAL FOREIGN RESERVES February 2025

Tonga's official foreign reserves decreased again in February 2025 by \$12.6 million, attributed mainly to offshore investments and higher import payments. The level of foreign reserves stood at \$865.4 million at the end of February 2025, sufficient to cover 9.9 months of imports, and remained above the IMF's recommended threshold of 7.5 months. In year-ended terms, the foreign reserves declined also, by \$26.0 million.
